RE: ELDOCRETE (PTY) LTD – PREFABRICATED MODULAR SANITATION SYSTEM

With this letter we hereby certify the following. JT Evolve (Pty) Ltd is professional structural engineers that meets the requirements of a competent person in terms of SANS 10400. Eldocrete (Pty) Ltd's prefabricated modular sanitation system was rationally assessed by the undersigned in terms of SANS 10400 and other relevant SANS codes. The assessment proved that the prefabricated sanitation system satisfies the minimum requirements of the design codes and is hereby certified as fit for purpose.

In addition to this letter a SANS 10400 Form 3 for each permutation of modular setup was completed and signed off by the undersigned. The certificate of completion of the structural system outlines the design criteria, assessment assumptions, material specifications and construction drawings. Areas requiring special attention during site installation are the in-situ soil conditions and water table level for all sub-surface tank installations.

We trust that this meets your requirements.

Kind regards

Kind Regards
